EDITORIAL

Warm greetings from the management and staff of the centre. As usual, it is with great delight we bring to you our esteemed audience, the monthly reportage of Research and Development (R & D) in the centre.

In tune with the Federal government's stands on food security, and of course, with our indefatigable director, Professor

Obi Njoku leading the charge, the center has delved into edge cutting and goal driven research in the quest to live up to the reasons for the establishment of the centre.

RESEARCH AND DEVELOPMENT

The month of May has been a fruitful and productive one for the centre, not withstanding the menace of covid 19, with its accompanying challenges of skeletal activities in most government offices.

RESEARCH AND DEVELOPMENT.(R&D)

In consonance with our core mandate as a leading research hub, we outlined and executed a number of projects. Some of our activities include:

Project Report

In our drive to key into to FG's policy of food sufficiency and security, we produced bottle spawns to aid in mushroom cultivation. In addition, fruiting bodies were also produced, though, these fruiting bodies are solely for further research not for

RESEARCH ON MALARIA AND MOSQUITOES

The Malaria and Mosquitoes research group headed by Ugwu S.O(PhD) released a demonstration video. Activities are in top gears for the group to realize her goals.

Seminar Presentation by Staff

This is an all encompassing exercise as it involves a wide range of academics, researchers and scientists. Administrative staff as well as students on Industrial attachment to the centre, participate.

For the month of May, we had Mr, Udentia, S.O, an Assistant Chief Accountant and Mr Ejike, C.E, a researcher with the centre, present their seminar. While Udentia S.O discussed "Due Process" as it relates to Public Service generally, Mr. Ejike dwelt on "Waste management."

Mr, Udentia, S.O, an Assistant Chief Accountant discussed "Due Process" as it relates to Public Service generally,

Mr Ejike, C.E, a researcher with the centre dwelt on "Waste management."

In the over all, we look forward to a more promising June as we intend to leave no stones unturned in our desire for goal attainment.
